#### ISSUE 8 EDITORIAL

Hello and welcome to issue 8 of Last Chance which is actually only my third issue as editor, I hope that you enjoy the articles that are within these pages. If there is anything that you don't like or there is something that you would like to see in Last Chance which ain't already in here just let me know.

As with all fanzines they would not be possible without you readers writing in and keeping me informed, the bands for answering the interviews (sometimes), and of course the record companies that ain't afraid to release skinhead music for giving us something to write about.

If you'd like to get more involved with the zine, perhaps do a gig review, or write an article about something that you feel strongly about feel free and send it in and if its good enough it will appear in a future issue.

One thing that I'm particularly short of is decent artwork so keep them coming. Whoever gets the front cover design printed also qualifies for a free 6 issue subscription. This issue's cover artist is Cedric from France (picture on page 14.)

Also I have started a new scheme which commences immediately which is that if you are a skinhead and are presently inside you get a free copy of each issue until you get out. Now how about that for generosity! If you know of a skin inside who is allowed to receive zines send me their address I'll send them a zine. I would like to be kept informed on their release date so I don't send them on needlessly.

Lastly I just thought that I'd mention that with issue 10 of Last Chance there will be either a flexi-disc or a tape with 4 different bands on it. If it comes off I'll do it perhaps every other issue. Issue 10 will be a bit more expensive because of this cos I've got to cover the cost. But I'll make sure that the zine is a few pages longer too. Subscribers will have 2 issues taken off their sub for issue 10.

All this is in its planning stage but it will happen if I don't receive any complaints from subscribers. So if you don't like the idea let me know. I'm not 100% sure on all 4 of the bands but 3 of them which will definitely appear on the flexi/tape are Battle Zone, Violent Storm and Grade One. The songs will not be available elsewhere they will only be released by me.

Anyway I've gone on enough now, I'll let you get on with reading the zine. Hope you enjoy it.....

#### DISCLAIMER

The views and opinions expressed within the pages of Last Chance are not necessarily those of the editors and should not be interpreted as such. Last Chance is a skinhead interest fanzine which reports on and publishes articles which are of interest to skinheads.

#### SUBSCRIPTIONS

UK - £3 for six issues inc. postage

Overseas - £5 or \$10 for six issues inc. postage.

All Cheques and Postal Orders made payable to LAST CHANCE.

#### BACK ISSUES

Due to circumstances beyond my control, I'm afraid that back issues are no longer available, to be honest I've got about 3 or 4 of each issue (except issue 1) and I have no intention of getting any more re-printed.

I will always have the previous issue in a larger quantity. So I've still got a lot of issue 7. But its basically first come first serve.

## INTERVIEW

Well, I don't suppose that many of my readers have heard of this band, they are called the "Ochas Bolas" which roughly translates to the eight testicles!

They are from Chile (which is in South America if you were just about to reach for your pocket atlas). I have actually heard their demo tape "Al Servicio" which to be honest I thought was good. The cover to the tape is to your left. Anyway, I thought that it would be a bit of an exclusive to interview them as its not too often that you hear anything about Chile, let alone anything about Chilean skinheads. I shall now let them take over....

LC When and why did Ochas Bolas form?

OB The band was formed in 1988 because we needed to express our ideas through music.

LC Can you give me a brief history of the band?

OB In the beginning we had a lot of line up changes too many to mention but this is the way we were, Sata - vocals, Edinson - bass, Hans - Guitar, Peter - drums. We stayed with this line up for a few gigs and also for the tape "Al Servicio". Then Hans left the band and Rienzi joined on bass and Edinson moved on to guitar.

LC What are your musical influences?

OB We try not to have any influences, we want to play our own style, but we do like bands like, Cockney Rejects, Sham 69, 4 Skins, Skrewdriver, Section 5.

LC Are Ochas Bolas a political band?

OB No the band is not political although some of its members are.

LC Are there any nationalist groups in Chile?

OB Yes there is nationalist groups but we don't have any contact with them. In your previous question you asked if we were political, well its like this, all of our songs are in Spanish so they can be understood by the people of Chile. We are nationalist but we don't need any organisations to express our nationalism. (Ed. I think that something may have been lost in the translation there!)

LC What is the Skinhead/Oi/Punk scene like in Chile?

OB The punk scene is very big here but it is full of homosexuals, the skinhead/Oi scene is very small but its only a matter of time before it will come very big.

LC Do Ochas Bolas keep in contact with any other bands or organisations?

OB We have many contacts with bands and magazines around the world but not really with any organisations.

LC Who would you compare your music with?

OB We do not like to be compared.

LC Your demo tape "Al Servicio" is very good, are there any plans for it to be released on vinyl?

OB No our demo will not be produced in vinyl. Here in Chile we don't have chances to make records only pop bands make records here. But we have a chance to release a single from a German company who has made us an offer.

LC How many gigs have you played and which was your best one?

OB In Valparaiso we have played about 10 times, in Santiago (Chile's capital) we played once and I think that this was the best gig.

LC Chile seems to me to be quite a dangerous country, is it difficult to be a skinhead in Chile, do you get hassle from the authorities?

OB Nowadays Chile is not dangerous (before midnight). If anybody is doing anything illegal on the streets like smoking marijuana will get arrested by the police. Unlike other countries here in Chile skinheads are not discriminated against because they are hardly known. Left wing political parties are illegal and are repressed.

What merchandise do you have and how can we obtain it?  
We only have our demo tape which we do not sell any more.

Which fanzines do you read and what are your favourites?

Some of the fanzines we read are Last Chance, British Oi, Clockwork Orange, United Res, Kriminal Klass, Pure Impact, Skin Deep, Hammer of Thor and a few others. They are all good.

Do you have any final messages for Last Chance readers?

Greetings to all the chaps in Essex and England from Valparaiso-CHILE. Cheers-Ochas S.

John Chance would like to thank Ochas Bolas and all the lads from Chile for their help in doing this interview. CHEERS.

## GREEK SKINHEAD SCENE

Well this issue we are going a bit farther afield than we previously had in past "Skinhead scene" articles. If you hadn't already sussed out from the title above, we are doing a feature on the skins of Greece.

Pictured to your left is a group of the Athens skins. This photo was actually taken out of a international magazine called "New Look" which is a bit like "Playboy".

I would like to thank John Ladopoulos for his help in writing the following article.

Oh yeah, John is also the editor of a Greek fanzine called "Skinhead", its available from John Ladopoulos, Marni 56, 10547 Athens, Greece. Although its written in 99% Greek its still worth looking into, just for the experience!

Around 1980 the first skinheads appeared in Athens and in the next year at Thessaloniki which is the second city of Greece.

In the beginning Skinheads were acting like big gangs in the suburbs of Athens where they had big fights against the casuals and punks. At that time the skins were not involved in politics and most of them were supporters of the local football clubs.

In the beginning of 1983 there was a "Infa Riot" concert in Athens and there was 350 skinheads at this gig. Soon after this many Greek skinheads came to England where they met NF members and nationalist skinheads. It was also then that they met Ian Stuart and there was a nationalist skinhead connection between the "White Noise club" and the Greek Skinheads.

It was also at this time that the Greek skins were influenced by the ever rising European skinhead movement, and many nationalist bands formed in about 1984-85. The names of some of the main bands were - "Last Patriots", "Birth Ward", "Southrise" from Athens and "Warriors Pride" from Thessaloniki and there were many concerts for about a year.

In 1986-87 many Greek skinheads went to the RAC gigs in Suffolk. Skrewdriver actually dedicated "White Rider" LP to two skinheads from Athens who were actually at the recording studios.

The political scene got a lot bigger after 1986 with marches in memory of nationalist soldiers who died in battles against communists in the civil war in Greece (45-48). There was as many as 300 skinheads at these marches.

In the late 80's there was many fights with the police, communists, anarchists and immigrants. So shortly after the trouble there was a period of silence as we let things cool down.

But with the beginning of the 90's the skinhead movement in Greece became stronger with the appearance of the new generation of skinheads.

Every year since 1985 during the summer we have meetings in one small island called "Ios". We go here every year because only skins, punks and hooligans go from all over

Greek skinhead scene continued.

This year there appeared a new skin band called "Aryan Resistance" who have already played some gigs, playing powerful nationalist lyrics. Also there is a few good Ska bands the best being "Traces" but most of the members are Mods !

In the winter we normally go to rock or Heavy Metal clubs because the clubs that we used to go to are all closed down because of too much trouble. We hope that this summer that more foreign skinheads will come to our country and our island to meet each other, get drunk and spend our holidays UNITED.

## CELTIC DAWN

### UPDATE

This issues update feature is with Irish NS band Celtic Dawn (if you haven't already gathered that !). They were first interviewed within Last Chances pages back in issue 5 and as that was a bloody long time ago I thought that I'd better drop them a line to see what's been going on since then. I'll let them take it away !

You were due to record an LP and then 2 tracks for a compilation LP, has this been done yet ?

No, the main reason for putting a hold on recording was we lost 2 guitarists in 4 months, so now that we have a reliable and dedicated guitarist we are now certain to record on.

You said that you have had problems with guitarists, what is your present line up ?

In the order of the photo it is Davis (Drums), Barnesy (vocals), Dodger (bass), Billy (guitar).

Could you give us an update on any gigs you've played recently ?

We haven't played a gig for over a year, it's a bit difficult to get them in Dublin.

I understand that one of the members of CD has had a bit of a run in with the law, has everything been sorted out ?

Barnesy was nicked for cutting some commie up when he never even did it, he had to pay compensation and do community service for his punishment. Justice is a joke.

Recently Barnesy came to a gig in the UK, did he manage to get any British CD gigs sorted all ?

He got in contact with a skin who organises gigs in England so we might be over this ar, who knows.

Could you give us details/titles of any new songs ?

Theres a few new ones such as "Death before Dishonour", "Black Bastard", "Battle Force". Most of our songs are about National socialism and the scum we fight.

What does 1991 hold for Celtic Dawn ?

Hopefully a LP and Compilation and gigs in Ireland and England.

Last Chance would like to thank the lads from Celtic Dawn for their time. Cheers

## Oi Charts.

If you would like your top 10 featured on this page, just send it in to the normal address and I'll see what I can do. Unfortunately I cannot guarantee that it'll appear as at the moment I am inundated with them and I ain't got space.

I'll relate to the band as skinheads.

Classé Kriminale are definitely one of my favourite European bands, I've been a fan of their music for a few years now. There seems to be a lot of controversy over this, and they are often classed as a communist band purely because they are n-political. Well I know for a fact that this is not so, none of the members of the band is interested in politics at all, neither left nor right. What this is something that I reasonably do not agree with (After all politics are the basis of normal life) I can

### LYRIC SHEET

Well this issue I have decided to put in an album track from Squadrons debut LP "Our Time Will come" it is my personal favourite track on the LP mainly because it sings about a subject that is very important but often overlooked.

If you're in a band and you would like any of your lyrics featured, just send them in and I'll see what I can do.....

#### BURN THOSE BOOKS - SQUADRON

THE KIDS ARE TOO YOUNG TO UNDERSTAND & TOO INNOCENT TO PUT UP A FIGHT  
WHILST THE REDS ARE BUSY IN OUR SCHOOLS BRAINWASHING OUR CHILDRENS MINDS  
HISTORY BOOKS WHICH ARE ONE BIG LIE WHICH LINE THE CLASSROOMS SHELVES  
MOST OF THE KIDS WILL NEVER SEE THE REAL TRUTH FOR THEMSELVES.

#### Chorus

WE SAY, WE SAY, WE SAY BURN THOSE BOOKS

GROWING OLDER NEVER TO KNOW OR TO SEE THAT THEY'VE BEEN FOOLED  
THEN WHEN THE LEFT-WING PICK THEIR TIME THEY'LL MANIPULATE THEIR TOOLS  
BELIEVING EVERYTHING THEY READ THEY WON'T SEE THEIR MISTAKE  
UNTIL THEY DON'T HAVE A COUNTRY LEFT BUT BY THEN IT IS TOO LATE

IT'S TIME TO PUT AN END TO WHAT IS NO LESS THAN A CRIME  
THEY TELL US OUR KIDS WILL HAVE A FREE SPEECH BUT WE KNOW THAT'S A LIE  
THE FREE SPEECH IN OUR SCHOOLS IS BY REDS AND NO-ONE ELSE  
THE TIME HAS COME FOR RE-EDUCATION AND TO PUT THE TRUTH BACK ON THE SHELVES

After getting out of nick I was given as a present a big box of all the new releases on Rock o Rama and Rebelles Europeens etc. I couldn't believe my eyes when I saw the record covers of the Skullhead "Odins Law" and Squadrons "Our Time will come" LPs. It was me who had sent off the Skullhead one to Rock o Rama and it wasn't the same when it came back. The same goes for the back of the Squadron LP.

What is up with everyone at Rock o Rama? Is it because they might not sell so many records with the runes left on?

Now, that was just the covers, but when I actually tried to play the bleeding things the needle on my record player done an impersonation of a demented Kangaroo right across the record! Does that sound familiar?

I must at this point stress that the Link and Rebelles Europeens records were fine it was just the Rock o Rama ones.

So why can't Rock o Rama spend the time that they waste altering and doctoring the covers on making a better quality record that aint gonna jump as soon as the needle touches it? On the Squadron LP they even stuck the wrong labels on the wrong sides, fuck me can't they do anything right?

#### Note to Rock a Rama records

Sort your act out because it aint just the punters who are getting fed up with your poor quality records, the bands are too!

I thought that the Great Rock and Roll swindle finished with the death of the Sex Pistols but I've now realised ROCK O RAMA that you are keeping it going.

The above article was written by Paxo, but I am in total agreement with its sentiments.

Whilst we are on the subject of records, I has come to my attention that many people are still unsure where to get their records from, so I have listed below all of the addresses of suppliers that I am aware of and a little bit about what you can get from them.

GROOVE MAIL ORDER, 389a ASHLEY ROAD, PARKSTONE, POOLE, DORSET BH17 7QT, ENGLAND.  
most Link records, Rock O Rama and Rebelles Europeens, also a few fanzines including some older back issues, Pyscobilly records, Punk records etc. Large SAE for list.

REBELLES EUROPEENS, 11 RUE JEAN JAURES, BREST 29200, FRANCE  
All Rebelles Europeens, most Rock o Rama, Books, videos and T-shirts and Patches.  
Mainly records.

SKREWDRIVER SERVICES, BM BOX SKREWDRIVER, LONDON WC1N 3XX, ENGLAND,  
All skrewdriver records, T-shirts, badges, few fanzines, Blood & Honour magazine.

All Rock O Rama records, all Rebelles Europeens records, Link records, videos, T-Shirts, tapes, extensive alternative music list. (includes Oi, Punk, New Wave, Psychobilly).

BULLDOG PROMOTIONS, was PO BOX 534, CHELMSFORD, ESSEX, CM1 2RN  
I honestly advise you not to deal with this company. Sean, the bloke who runs it did at one time share the PO Box with us, but since now that he has shown his true colours he no longer does. It is very likely that you will not receive anything for your money as he has often said to me that all that he is interested in is making money out of skins. You may find that if you write to him that he will be OK, but you are probably one of the luckier ones. I could give out a couple of names of un-satisfied customers who have written to me.

Whatever he can get for you, you will be able to easily obtain from any of the above.

HE HAS BEEN WARNED HE'LL HAVE A NEW ADDRESS SOON AVOID HIM.

1 hello and welcome to Part 2  
the Paul Burnley interview.  
it issue it was called Tea,  
let seats and Chocolate  
scuits. This time it is called

nothing different and of course more appropriate. I have decided to keep my reasons to  
self and I am sure that in years to come that my titles for these articles will become  
of the great mysteries of the world. You never know, maybe Arthur C. Clarke will decide to  
one of his "mysteries of the un-explained" programmes on it. Or even Miss Marple !!!  
way thats as maybe, but I'm sure that there is a lot of readers out there this very  
ute saying to themselves "what the f\*\*k is this twat going on about?" or "why the hell  
I buy this zine?" or why don't he get on with it?", so I will get on with it.  
yeah, don't forget that to save (or create) confusion I have put everything that I say in  
itals and everything that Paul says in lowercase letters.....

**Q** DO YOU SUPPORT OR  
LOW ANY POLITICAL PARTIES.

**A** No!, cos there is no  
nt in joining up mainly  
you can't trust anyone  
h your name and  
dress, but that doesn't  
on that I don't support  
y. I do support the causes  
I would give my support  
the BNP as they are about  
best nationalist party  
Britain at the moment.

**Q** WHAT DID YOU THINK OF  
C SHOP CUTDOWN AND DO YOU  
NK THAT THEY WERE A  
PPING STONE IN NO  
RSES CAREER ?

**A** The idea in the first  
ce was that we were gonna  
utdown to promote Blood  
onour, which we did, but in  
end was that the owner  
rted using them in the  
and they should have  
en that. We didn't use them as much as the other bands did, we had one t-shirt, but they  
en't too interested in us at the time.

was a right rip off even  
e so towards the end and  
ertised things that never  
n existed for example I  
a lot of letters from  
ple saying that they had  
ered a copy of our new LP  
tionalist Anthems" which I  
not even heard of! What  
turns out is that he  
ertised it even though he  
w it never existed and  
er intended to send  
body anything and to keep  
mony.

# NO REMORSE

Photo- Paul with the singer of Verde Bianco Rossi

Photo- No Remorse waving to the camera man !

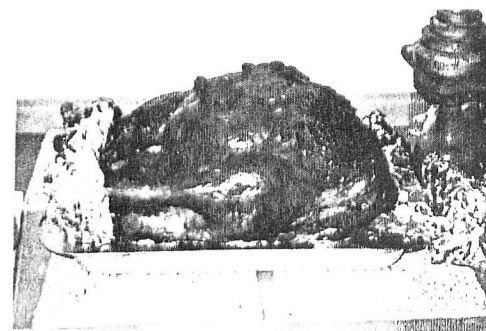

Tophats, turkeys and false goatee beards cntd.

Pictured to your right there is  
a picture of Pauls very own 1990  
X-mas turkey.

You may think "What of it?"  
Well if you look very closely you will  
notice silver paper either side of this  
magnificent bird. Rumour has it that Paul  
is so rich and famous that the silver  
foil actually really is made of real  
99 carat silver !

Anyway on with the interview.....

**LC** PAUL, TELL ME A BIT A BOUT BLOOD & HONOUR, A LOT OF PEOPLE HAVEN'T HEARD FROM IT FOR A  
LONG TIME, IS IT STILL GOING AND IS IT STILL BASED IN LONDON ?

**Paul** Blood and Honour is still going and is based in England. Simple as that. The reason that  
BSH takes so long to come out is because it now actually runs at a loss there ain't enough  
money. It costs more to produce than the subscription fees, mainly due to overseas  
postage. But now we have sorted out the finances and the organisation it should be out on a  
more regular basis.

**ALEX** HOW OLD ARE YOU NOW ?

**Paul** I've just turned 22. And my birthday is in the middle of August so all cards can be  
received at the normal address. All money and gifts will be gratefully received too !

**ALEX** WHAT DO YOU THINK OF SERVICES LIKE THUNOR SERVICES (BEARING IN MIND THAT JO'S HERE)  
AND SKREWDRIVER SERVICES WHO DO ALL OF THE MAIL ORDER ?

**Paul** I think that they are essential to the movement. But if anybody wants to buy No Remorse  
stuff they can still write to the No Remorse address, which is No Remorse, BCM Box  
5103, London WC1N 3XX.

**ALEX** IS THERE ANY OF THE OLD BANDS THAT ARE NO LONGER GOING WHO YOU WOULD HAVE LIKED TO  
PLAY WITH ?

**Paul** No not really all of the bands that are going now are good enough, we're not like old  
Steve from Indecent Exposure "lets play with bands we never even saw the first time  
around."

**ALEX** WHAT MUSICAL INFLUENCES DO YOU HAVE WITH NO REMORSE ?

**Paul** Skrewdriver really.

**ALEX** YEAH BUT YOU DON'T REALLY SOUND LIKE SKREWDRIVER COS YOU ARE REALLY MORE OF AN OI  
SOUND TO ROCK.

**Paul** No we don't sound like them at all but I don't just mean the sound but basically  
they've influenced us in what we do as they were really the first band to take a  
nationalist stance without being ashamed. They were the first of a kind and have inspired  
all nationalist skinhead bands.

**ALEX** DUE TO THE FACT THAT I'VE NEARLY RUN OUT OF QUESTIONS I'M NOW STARTING ON THE SHITTY  
ONES LIKE, HOW LONG HAVE YOU BEEN A SKINHEAD ?

**Paul** Since about 1981 when I was about 13 years old.

**ALEX** WHAT FANZINES DO YOU READ AND RATE ? (TYPICAL FANZINE QUESTION NUMBER 2).

**Paul** Your one cos your gonna write loads of good things about me ! No seriously there is  
some good ones about, I do actually get quite a lot of them "Oklahoma Separatist" is a good  
one. I get a bit fed up with alot of them cos they ask the same old questions to the same  
old people. I like zines with a bit of mixture with music and politics.

Well thats all for this issue, sorry its so short this time but I had run out of tape, but  
there will be the concluding part of these 3 Paul Burnley interviews in issue 9 of Last Chance.

# GIG REPORT

Peggior Amico are probably one of the biggest political bands in Italy at the moment.They have recently released their debut LP on Rebelles Europeens called "Il Leone Ruggisce Ancora".

Anyway they recently played a big gig in Italys capital,Rome,and I have been kindly sent a review of this gig by Alessio of Italian skinzine Linea Gotica,My thanks goes out to him. If any of you readers have been to a gig recently and would like to review it,just send it in with some photos if possible and I'll try and find space for it in a future issue of LAST CHANCE.

## R.A.G. ROCK ANTI GOLFO

## AGGRO SKINHEAD MUSIC!

"After four months Peggior Amico return to play a gig.This is a very important gig as it is the first Peggior Amico gig in the capital and it is a gig against zionist american war for oil.

"R.A.G." (Rock against Gulf) is the title of the concert which also included a march through the streets of Rome.

There was a crowd of about 200 people at the gig. Peggior Amico started their set at about 9 o'clock.After "Freiheit" (instrumental),Caio,the singer stepped on to the stage and sang "Ragazzi in Nero" (Kids in Black) followed by "Lavoro & Dignita" (Work & Dignity),"Giustizia sociale" (Social Justice),"Le Strade sono Nostre" (The streets are ours),"Stato & Nazione" (State & Nation) and many other of their songs including many from their LP.

Then they played the tracks of the singles which created great enthusiasm in the audience and got many people up and dancing."Brest 88",Colpevole di es Sere Bianco"(Guilty of being white),"Nuova Europa" (New Europe),"Tricolore Skinhead".At the end in one great chorus the band played "Rivolta"(Riot) which is a cover version originally done by Plastic Surgery (an great old Italian band).This attracted a lot of skins onto the stage to sing with Caio.

Peggior Amico then finished their set,but the crowd cheered for an encore,so they came back on and played a few songs that they had already played earlier on in the night in a big row on Roman salutes!

It was a really great gig surrounded with a nice comradeship.We hope to see Peggior Amico in action again in the not too distant future."

RECORD REVIEW EXTRA

Peggior Amico LP,Il Leone Ruggisce Ancora.

For a debut LP it is not too bad at all.There is 11 songs,one of them "Freiheit" being an instrumental.Unfortunately the problem for me is basically all of the songs are sung in Italian so I can't understand a word of it.There is some good tunes though,my favourite by far is the first song on side one called "Ragazzi in Nero" which I get the impression is one of their anthem songs which at gigs go down the best.The music is definitely Oi but of the slower variety.I would compare them to Criminal Class.(the English band that was,not the other italian band of the same name).All in all its a good LP and I would advise people to buy it if they don't mind not being able to understand it ! 7/10 AE

# THE STORY SO FAR.....

**P.O.BOX 534,CHELMSFORD,ESSEX,CM1 2RN**

Well bugger me ! Would you believe that I ain't got anything to moan about this issue,I have had a really good response to the SSF articles and I've actually had people writing in and giving me all the info.

This is good news ,SSF is now getting a bit more recognition as it deserves.

Well as I've got quite a lot to say I'll get on with it.....

## CLOSE SHAVE

Well,shock,horror Fluff the singer of Close Shave is no longer the singer of Close Shave as he left the band just before Christmas.

But all is not lost,Close Shave are not dead,Lurch (was bassist) is now the singer (he did actually sing on a couple of tracks on the 2nd LP) and none other than Sid the bassist of Section Five has taken over on bass in Close Shave.

Along with this line up change Close Shave have recently recorded a single which is due to be released on new French label SPE records,I can also tell you all that the single will be called "Keep on Rockin'".So keep your eyes peeled for that in the near future,news has it that its shit hot and don't sound anything like the older stuff.

## THUNOR SERVICES

Well Thunor services are totally back on the road now after Paxo was doing a bit of time.They now have a new catalogue which contains all the goodies that they've always had and lots more besides.There is also an update to the catalogue coming out very soon.

Thunor Services will also be branching out into selling all the ROR and Rebelles Europeens records.Not only that,but they are actually as I speak trying to get a deal sorted out to release some records on their own label.Its not all 100% definite yet but if it does all come off some of the first releases are likely to be a split LP between Ovalteenies and Peter and the Wolves (old demos not new stuff),they also hope to re-release the British Justice EP,and they also hope to record a single by Battle Zone and maybe in the future an LP.

Anyway if any of you lot ain't got the latest catalogue no.3 or if you've got it but want to receive the update just send an SAE or IRC to THUNOR SERVICES,BM BOX 46,LONDON WC1N 3XX,ENGLAND.

## ENGAGEMENTS

Well I've got a couple of celebrity engagements to announce in this issue,but whether you're a celebrity or not we will still feature you if your getting married,engaged,etc.Just send in the details.Well here goes for this issues,

CONGRATULATIONS go out to Paul Burnley and Angie who got engaged at midnight on New Years Eve at Trafalgar Square ! Wow! You can't get more romantic than that!I also hear from a reliable source that Paul was seen proposing whilst on one knee with a red rose in his mouth (or a whole bunch ha!ha!,only joking).CONGRATULATIONS also go out to Fluff the now X-singer of Close Shave who got engaged to his girlie Lisa.Well done to all of you.

## SKULLHEAD

Well there is a bit of bad news on the Skullhead front.You know that Kev Turner was on remand for "trumped up charges",well he has been heard in court and has resulted in getting 10 months.He had already been on remand for 5 of those,so if he gets out on first parole he might be out quite soon.Heres hoping!

But whilst Kev's been inside things have been still going on,the LP "Cry of Pain" (which just happens to be the best thing I've heard for a very long time) is gonna be out any day now,the Yuletide single which I reviewed before its actual release in issue 7 of Last Chance is still not out so as it was obviously not out before X-mas its not gonna be called Yuletide any more,its gonna be Memories which was to be the B side,Yuletide is now to be the B side.

Apart from that the rest of the lads from Skullhead are now pursuing their own thing by starting their own band called "Kellys Heroes" not only will they be gigging under that name but they also hope to record as well.But when they do play live they may still do a few Skullhead numbers.

New Skullhead/Unity contact address...UNITY PROD.,PO BOX 86,SUNDERLAND,SRI 1LU.

## ALLIANCE REST.....

On the new releases side,There is a new Public Enemy single on Rebelles Europeens called "Salute" which is available from the No Remorse address.Grade One have actually recorded their debut single which should be out on Rebelles quite soon.The songs they actually recorded for the single were "Hail the New Land" and "Lets Rock".

Battle Zone have at long last recorded their LP which is called "Nowhere to Hide" it should be out on the French Rebelles Europeens label soon.And to be quite honest I was well pleased with it.

I dunno if you already know but British Oi and United Forces have changed addresses,see the fanzine list page for the to date addresses.

Mark the guitarist of No Remorse is now out of jail but apparently has no immediate intention of re-joining the band.No Remorse have really been having their line up troubles,Gary their bassist has left/booted out? but they have already got a replacement in the name of Pete who is supposed to be pretty good.

Richard the editor of Hammer of Thor fanzine has not been having a lot of luck,he returned home to find that his flat had been ransacked and badly smashed,thats the second time that its happened but apparently this time it was a lot worse than before,you can probably imagine how hard the police are trying to catch the culprit.

Jonesy the singer of English Rose is now out of prison,and English rose are back on the road again,he apologises to people and zines who have written to ER but now that he's out he will get round to replying to all his letters.

There is a new venue in Leicestershire,so far only the Guttersnipe Army have played there but it will be Close Shave next week and maybe more.The good thing is that admission is free!

I imagine that a lot of readers already know that the recent gig at Milton Keynes was cancelled by the police.It was a shame cos it would have been a good gig with a very good turn out.Its obvious why they keep cancelling gigs at very short notice,its cos they think that by making everyone turn up then send them back home "empty handed" will piss them (us) off and make us never bother turning up for gigs anymore.They couldn't be further from the truth.Personally it makes me more determined.

Some of the lads in Bournemouth are hoping to set up a Bournemouth BNP branch because apparently interest is quite high down there.

There is also news that there may be a new nationalist skinhead band forming in Norfolk,I hear that some of the lads from Wells-next-the-sea are trying to sort a band out.

On the foreign side,Oi Kor the Hungarian skinhead band have split up due to a big argument between the singer and guitarist and it seems very unlikely that they will reform,they were the biggest Oi band in Hungary,but as the scene is so big out there,there will be no shortage of new bands to take their place.In fact Pannon Bulldog the Hungarian zine is now printed in full colour.And has a circulation of nearly 1000.

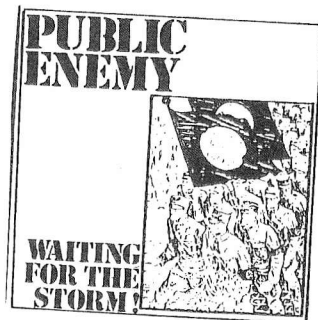

There is a new band formed in Nurnberg,Germany which is called "Radi Kahl" after the zine of the same name (which is now finished but was based in Nurnberg).

There is a new fanzine trying to start up in Chile,basically things are very difficult to get out there so any help with cuttings,photos,news,anything would be appreciated by them,it is a nationalist zine and the address is La Voz de Oi,Av.Brasil 2564,Torre.A.Depto.135,Valparaiso,Chile.

There is a book being written at the moment by George Marshall of Zoot.The book is called "Spirit of 69" and its not as the title may suggest all about trojan skins.What George is trying to do is to write an un-biased book about skinheads,the clothes,music politics (left & right wing).I'm not too sure when the book is gonna be ready but I'm sure that he could do with your help,so if you've got anything that might help send it on to Zoot Publications,PO BOX 202,Glasgow,G12 8EQ.Now I ain't stitching you up,if I knew that George was writing a left wing biased book I wouldn't tell you about him would I?

Drop him a line of you can help cos after all if he's writing a book about skinheads it's only right that we get a say.

I suppose that by the time you lot all read this you will have already heard it,but the new Skrewdriver LP is out it is called "The Strong Survive" and is a lot heavier than their previous stuff.Perhaps a comparison to Black Sabbath wouldn't be too unfair!I'll let you

Now, I'm sure that there is no-one out there who has not heard the name GAEIL BODILIS, you may have heard but not know who he was or you may know who he is, but I'm sure that you don't know a lot about him !

Well as he is my record company boss I have had cause to meet him on a couple of occasions, it was on one of these occasions that I thought that it would be a great idea to interview him for Last Chance. Although he was a little reluctant at first saying that interviews were for bands and that he is not worthy of an interview, he agreed to answer a few questions.

Gael has done a lot for the skinhead movement and each and every one of us should be grateful. Anyway I've gone on enough now, I'll leave you to read on.....

LC When and why did you create Rebelles Europeens ?  
GB Rebelles Europeens was created in 1985. The reason for its creation is quite simple, no label wanted to produce politically engaged bands without self-censorship. All of these bands have got a right to express themselves, I had to give them the opportunity to do so with the same means and same production as other bands who sell 10 times as many records.  
Music is an excellent way of spreading those ideas and it was becoming more and more necessary to have these skinhead bands known. Obviously there is one factor that I am not interested in PROFITABILITY. The Jews could probably talk about it better than I do !

LC How many people currently work for RE ?  
GB Nobody works full time for RE.No salary is paid for the work done.There are three of us working in the evening and at weekends after our work.

LC Do you get a lot of trouble from police,reds or blacks?  
GB When one starts to produce records of bands who defend the white race one can expect to get into trouble with the three categories and others too.  
 That must reinforce our conditions.At hard times we have to stick together,solidarity must be very strong for our movement.

LC What is your favourite band on your label and which are your favourite EPs and LPs ?

GB I'd like to answer that question precisely but as far as I'm concerned all of the bands are important. Even in the smallest way because they all bring something in their own way, to the defence of our race. Thus I don't want to push any particular bands forward except perhaps No Remorse and their singer Paul who has helped RE get known all over Europe through their first LP "This Time the World"

LC How many copies of each record do you sell normally ?  
GB On average we sell 1000 copies

On both of these Gael Bodilis pages there are the covers of just a few of the records that are on his label.

# RECORD REVIEWS

Well as there is a lot of records for me to review this issue I'll get straight on with it and not rattle on aimlessly for 5 paragraphs!

Remember, I do not necessarily review all of the records on this page, anyone, if they want can review a new release if they want, just send in your review and if theres room I'll shove it in.

Anyway, on with it.....

## WHITE LIGHTENING - DESTINY LP (rebelles europeen)

Well, I had actually had the demo tape to this LP a long time ago as originally it was released as a tape and I don't think that at first there was any intention to release it as an LP. So to me the music wasn't exactly new cos I had heard all of the songs before, but the quality of the recording is obviously a lot better on the disc.

Anyway, there are only 8 songs on the whole LP but they aren't the shortest of songs either. My personal favourites are We Rule and Lest we Forget. But all the songs are really good and I suppose that the nearest comparison to White Lightening is I suppose someone like, well to be honest they don't really sound like any other band.

But one thing that they do sound is good! They were an Australian band (notice that I said were cos they've now split up) they are not totally Oi sounding but they're not plain Rock either, they've got their own distinctive sound, which together with the 8 powerful tracks on the LP make an excellent mixture.

Don't be put off by the fact that there is only 8 songs on the LP cos the running time is no less than any normal LP.

Anyway I've said enough about it, all I can do is highly recommend it to you. See for yourselves.

## NOIE WERTE - KRAFT FÜR DEUTSCHLAND (rebelles europeen)

I was sent this tape a couple of months ago now, and since then the LP has actually been released and I have now bought it.

Noie Werte as you probably have already gathered are a German band and all of their songs are sung in German which is OK if you don't mind not understanding the lyrics. (Unless of course you're German and then I'm sure that you'll have no problem!).

Anyway there are several good songs on the LP and a few that are not so good but I've got to admit that it's harder to listen to something intensely if you can't understand it. Still the music is good and not too basic.

My favourite tracks on the LP are the title track "Kraft für Deutschland" which translates to "Strength for Germany" and "Zusammenhalt" which means "Stick Together".

Anyway, it's not a bad album especially that it's their debut LP.

Basically if you don't mind not understanding it, buy it, but if you can't hack bands who sing foreign then this is not for you.

Music is good, language is German, covers excellent!

## SKULLHEAD - CRY OF PAIN (Rock O rama)

I was given the tape to this LP back in November last year but was asked not to review it until it actually came out on vinyl.

Well I've now heard that it's out on vinyl although I haven't actually got it yet.

So to me this is the best ever recording that I've ever heard from a Skinhead band.

So I gave Skullhead a good review for their single last issue, So What? they are fucking brilliant (and they are not paying me to say that).

There are 10 songs on the LP and all except one of them is absolutely top class.

There's only one that I don't like and that is "Barking of the Dogs" which is a slow song with no drums. It's a bit too weird for me.

A lot of people in the past have complained that they can't understand the lyrics cos

of Kev's voice, well it's all changed now, you can hear every word he says but you haven't lost the familiar sound of his voice, the fact that you can hear him more clearly has got more to do with the mixing desk, Kev's voice is still the same.

All but one of the songs are Skullheads, there is one cover version on the LP, it's "Silver Machine" (Hawkwind) and to be honest I think that it's better than the original.

Rumour has it that Martin actually helped out with guitar on a couple of the songs. (Martin Cross ex-Brutal Attack)

There is no doubt that if Skullhead were allowed to be entered into the UK independent charts that this LP will easily enter the top 10.

I'm sure that it would appeal to non-skinheads as well as Skinheads.

My favourite songs off the LP are "Fighting for Victory", "Silver Machine", "Rock n Roll Resistance", and "To Absent Friends" but they are all excellent. (except I!)

I would strongly recommend this to everyone. If you can only afford to buy one LP this year make it this one.

## WHITE NOISE - RECKLESS AGGRESSION (Rock O rama)

The second LP by Australian band White Noise is a live one. A lot of the previous live LP recordings are not too good (especially Link!) but this one is not too bad at all.

The guitar work is very good but I think that the bass and vocals could be a bit louder, but that is normally always a problem with live LPs.

There is a few cover versions on the LP such as Combat 84s Violence and Rapist, 4 Skins Evil and Wonderful World and On the Streets By Skrewdriver.

White Noise's own music is definitely influenced by those bands but is played well enough to be refreshing. There is 6 tracks of their debut LP "First Assault" and there is four new unreleased tracks. "Hate Session" is a slow one about how television brain washes

people with the lies it puts out, "loser" is self explanatory, "Thinking of you" is about the people who criticise every thing we do, and "White Noise" their anthem.

If you like live LPs well this is a must as it is a good one. If you don't normally like live LPs this one is still worth getting as it is a good quality recording.

## PUBLIC ENEMY - SALUTE (Single on Rebelles Europeens)

This is the third single by Public Enemy on Rebelles Europeens and is definitely the best one by far.

To be quite honest I was not too impressed with their last offering "For You", it wasn't the A side so much as the B side "The Oath". Anyway I'm not here to review that I supposed to be reviewing salute.

The voice is very much Paul but I think that the songs do his voice a lot more justice as they are both good songs.

The A side is called "Salute" (that was pretty obvious) and the B side is called "White Nation Rock" which although is a good song too it is not as good as the A side.

There would not be a lot of point in explaining the subjects of the songs cos I think that the titles give that away. Just use your imagination.

This single is available mail order from Rebelles in France or ROR or even if you write to the No Remorse address I'm sure that you will be able to get one from there.

Definitely recommended.

## ODDS AND SODS (STORY SO FAR UPDATE).

You will find that this is the most up to date news column within a fanzine because it is actually the last page that I type up and thats normally the day before I go to the printers.

Anyway, first of all I've got a bit of advice to all of you who buy Rock O Rama records and find that they jump as soon as you try to play them, apparently according to Lenny of Squadron if you give the disc a quick polish before you play it (using Mr Sheen or any other furniture type polish) it works a treat. Mind you thats not an excuse for Rock O Ramas poor quality records in the first place.

This is now quite old news but I think that I should mention it, John Devine from Doc Martin has died, he sadly took his own life. See you in Valhalla.

There is a new band forming in the town of Toulouse which is in the south of France, they will be called OiFensive.

Whilst on the subject of France there will be another main event gig in Lyon in June with Close Shave, Battle Zone, Klasse Kriminale and Grade One.

I've received a lot of letters in reference to I did actually mention in the last issue of SSF that the Richard Allen series Skinhead books were being re-published, well it now turns out that the source that I had for this information is not reliable and is a compulsive liar (Bulldog Promotions) so as I have heard nothing to prove that the books are being made available again I would now say that it was not true in the first place. I may be wrong but I've got a feeling that it was a lie in the first place, so I hereby apologise for reporting it in the first place.

I've also heard that Ken McLellan (ex singer of Brutal Attack) has started a new rock band by the name of "Slaughterhouse" I think that they are not gonna be a political band.

Ian Stuart is also rumoured to be singing in another band in addition to Skrewdriver.

There is a new band formed in London, they have not actually decided on a name yet but they were gonna be called "Filth", but they changed their minds on that (a wise decision). Anyway they comprise of an ex No Remorse member of long ago and two members of the "Belson Horrors".

Empire have already had some line up changes they've changed their bassist and drummer. Their new recruits are called Benji & Tom.

There is also a new band appearing on the scene from Birmingham, they will play their debut gig on May 11th in Birmingham with Skrewdriver and Battle Zone, they are called Razor Edge and Dirk out of Close Shave is the guitarist for them as well.

A young american girl would like pen pals if you would like to write to her the address is Barb, Po Box 34634, Chicago, ILL 60634-0634, USA.

Anyway, I'd better leave it as that for this issue of Last Chance and I hope that you all enjoyed reading it.

Next issue should have interviews with "Comando Suicida" (Argentina), Mistreat (Finland), Italian skin scene report, Interview with professional boxer skinhead Tony Falcone, Part 3 of the Paul Burnleys interview (who knows what I'll call it next time) and loads loads more. So until then (then being in 8 weeks time). Keep me posted.

All the Best Skinhead regards

*Roxo*
